Proposed survey: Key Themes

Economy

- Over the next 20 years to 2038, do you think that there will be a need for more places of employment in Buxton with Lamas Council Parish area?

- How can we promote self-employment / employment?

Communities

- Are there enough public facilities such as halls, meeting spaces, playing spaces, recreation spaces?

- What is missing – what would you like to see?

Homes

- Over the next 20 years to 2038 do you agree that there will be a need for more homes in Buxton with Lamas Council Parish area?

- Do you think we should insist on 'affordable homes' for first time buyers to buy or rent or is this not so important?

- More houses means more cars. Happy with this?

Infrastructure

Please indicate which of the following infrastructure is needed in [Buxton with Lamas Council Parish area?

- Local school / Built leisure facilities / Parks and play areas / Local health (eg GP) facilities / Core utilities (gas, electricity, water) / Broadband / Community facilities for all to use / Parking capacity / Road capacity / Rail capacity / Bus capacity /Emergency services (eg Police, Fire Ambulance etc)

Environment

- How important is looking after 'natural spaces, like woodland, meadowland, fields and parks (scale 1-10)
- Should we create more 'natural spaces'?
- If yes, where and how?
- Is allotment space important?

What other issues concern you (ie traffic volume etc)
- Freetext response
- What are the most important issues to you when you decide on somewhere to live?
